RESPONSE TO NOTICE TO FILE CORRECTED APPLICATION PAPERS

Commissioner for Patents
Washington, DC 20231

Sir:

We are in receipt of the Notice to File Corrected Application Papers mailed March 9,
2001.

Japanese language is necessary as indicated in the drawings for the following reason:

Figure 2 represents an example of an original document having texts, graphics or
photographs printed thereon, and Figures 3A, 3B, 3C, 3D, 10B, 10C, 12A, 12B, 13A and 13B
represent image data obtained by reading, by a scanner for example, parts of the original
document having texts, graphics or photographs printed thereon. The Japanese characters on
these figures do not have any specific meaning with respect to the contents of the application,
and the characters simply represent character patterns. Not only the alphabets but also Japanese
characters are included in the drawings to show that the present invention is applicable to
documents in any language and there is no limitation to a specific language, when the original

document contains texts. Therefore, the Japanese sentences in the drawings should be maintained as they are as character patterns.

It is therefore believed that the drawings as filed are acceptable.

If anything further is needed, please contact the undersigned immediately.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 500417 and please credit any excess fees to such deposit account.

Respectfully submitted,
